Subject: Posters at Polling Stations and other places witnessing high footfalls – reg

Sir,

I am directed to forward herewith a soft copy for the poster (open file cdr of 3'X2'size) that is to be displayed at all Polling Stations and other important public places that witness high foot fall. The contents can also be displayed as wall paintings wherever posters may not serve the purpose e.g. in rural areas.

2. The alternative identity documents allowed for voting may be suitably included in the poster and the contents translated in the local language. If any colour in the poster is associated with any of the prominent political party in the fray, the same may be suitably changed. The open file of the poster may be shared with the districts.

3. The poster is to be printed in at the district level after updating the District details in the poster and distributed to all the constituencies. The specific details of AC/PS/BLO may be filled by hand at the booth level.

Yours Sincerely,

(Padma Angmo)
Deputy Secretary
